Spokane Will Devote Eight Days to Civic Improvement—All Will Lend a Hand in the Work.

(Herald Special.)

Spokane, Wash., March 18.—C. Herbert Moore, mayor of Spokane, has set aside eight days, beginning April 3, as "Civic Week," to be devoted to the cleaning of streets, alleys and private grounds, the work of beautifying the city and the discussion of civic problems under the direction of the City Beautiful committee of the 150,000 club, the city park commission and the various ward improvement clubs. It is expected that sixty thousand men, women and children will take part.

The week will furnish one of the most remarkable and at the same time wholesome spectacles ever witnessed in any city of the 120,000 class on this continent. Men who have made millions in the mines, forests and railroads and other lines of commercial, financial and industrial activity, will work shoulder to shoulder with laborers, mechanics, clerks and office men, and on the morning of April 11 the city of Spokane may be expected to be as spick and span as a society debutante at her coming out party.

One of the features of the general cleaning day plan, which was originated in 1906 by Aubrey Lee White, president of the city park commission and civic beauty exponent, will be the planting of thousands of trees, shrubs and vines by the Spokane Tree Planting Association, composed of 12,500 children above the third grade in the public schools.

Forty thousand persons participated in the work on April 18 last year, and ten thousand school children had a special day the following week, and at the close of the campaign the city was as clean as a Dutch housewife's kitchen, reflecting credit on the activity and public spirit of the residents of Spokane.

FOR FEATHERWEIGHT TITLE.

Abe Attell and Patsy Kline Will Come Together This Evening.

(Herald Special.)

New York, March 18.—Abe Attell is going to place his featherweight title in jeopardy at the fashionable Whirlwind Athletic Club in Harlem tonight. His opponent is to be Patsy Kline, who hails from somewhere

over in Jersey. The two are slated to go ten rounds at 122 pounds. In taking on Kline the foxy Attell side-stepped Frankie Neil, Owen Moran and one or two others who were hankering after some of the champion's game. But there are wise ones who whisper that if he thought he was picking a lemon he may find he was mistaken. Kline has not shone long nor brightly in the pugilistic world, but his friends declare that he is a comer alright. In his recent bouts he has made an excellent showing and his supporters are confident that he has a good chance for a draw with Attell even if he does not get the decision.

HOGUE PERJURY CHARGE

Dallas Man Convicted of Misusing the Mails Has Been Rearrested on a Perjury Charge.

Dallas, Texas, March 16.—W. J. Hogue, convicted at the last session in Dallas of the federal district court on a charge of misusing the United States mails and now out on bond of \$10,000, pending an appeal, has been rearrested.

A charge of perjury in connection with testimony adduced during the original trial was made today before United States Commissioner A. W. May, sworn out by Postoffice Inspector Thiele, and an examining trial on the charge was held at 2 o'clock this afternoon in the federal building.

In the trial last January a certain contract between Hogue and S. A. Buffington of Chicago was introduced. It was charged that in this

MEMORIAL EXERCISES

In Honor of Ex-President Cleveland Held in New York Today—President Taft One of Speakers.

(Herald Special.)

New York, March 18.—In the presence of a large audience that comprised many persons of national fame, President Taft, Chief Justice Fuller, Governor Hughes and other speakers this afternoon paid tribute to the memory of Grover Cleveland, the occasion being the seventy-second anniversary of the ex-president's birth. The memorial exercises were held in Carnegie hall, where Mr. Cleveland delivered one of his last public addresses.

Every available inch of space in the galleries and on the floor was occupied, and the audience was an immense one. Admission to the hall was restricted to the holders of tickets. Mayor McClellan presided. The exercises consisted simply of prayer by the Rev. Dr. William Rogers Richards, the addresses of President Taft, Chief Justice Fuller and Governor Hughes and a poem by Richard Watson Gilder. Walter Damrosch directed the music, which was furnished by the New York Symphony Orchestra and the German Liederkreis. The benediction was pronounced by the Rev. Dr. Samuel Schulman.

President Taft's address was universally pronounced a splendid eulogy of the late president. Many times in the course of the eulogy some of those who had been closest to Mr. Cleveland were seen to be deeply moved by the president's words.

by Ike T. Pryor and Attorney Sam Cowan, was most heartily commended. They have accomplished marvels already, and almost certainly will succeed in the fight for the cattle interests in the tariff revision, is the substance of the resolution.

This afternoon it was decided to elect the officers of the association tomorrow morning, and close the business of the session tomorrow noon, one day earlier than was expected.

Fully fifteen thousand cattlemen and visitors are in the city attending the fat stock show and horse show, each afternoon and evening. It is the most successful show in the history of the association.

VATICAN ART GALLERY

Formally Opened in Rome Today. Roman Aristocracy Was Much in Evidence.

(Herald Special.)

Rome, March 18.—The diplomats, the princes of the church and the Roman aristocracy turned out in full force today to attend the formal opening and inauguration of the new picture gallery of the Vatican. The gallery occupies seven beautiful halls running along the right side of the Cortile de Belvedere, opposite the famous Vatican library which was built in 1588, when Sixtus V was pope. The entrance is by magnificent glass doors at the bottom of the staircase to the Sala a Croce Greca, and above which is a golden inscription stating that the installation of the new gallery is due to the initiative of the present pope.

contract certain parenthesis and the word "out" had been written.

Hogue testified that he had said he would not sign the contract until these interlineations had been taken out of the document. Buffington, on the contrary, testified that this was untrue—that the parenthesis and the word "out" had been written in months after the contract was signed and at the time Buffington was making a synopsis of the contract to be sent to the postmaster general at Washington; that the parenthesis and the word were put there for the guidance of the stenographer who was copying the document. District Attorney Atwell commenced work on the matter as soon as the case had been concluded. He had it investigated through special agents, with the result that the affidavit was sworn out before Commissioner May this morning and the warrant issued.

Hogue was arrested in the postoffice building just about noon as he came for his mail. Commissioner May set his bond at \$7,500. Hogue was taken to the Dallas county jail and committed. Friends are endeavoring to procure sureties.

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wiltshire of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Medicine. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended." For sale by Bratton Drug Co.

WILL FIGHT FREIGHT RATE.

Texas Cattlemen Will Make Appeal to Interstate Commission.

Fort Worth, Texas, March 17.—The Texas cattlemen, in convention assembled here today, determined to appeal to the Interstate Commerce Commission for relief from the railroad tariffs assessing them 25 percent additional freight charges on practically all cattle shipped from the state. The tariff applies to all shipments valued above a nominal amount, and few escape.

Resolutions introduced by the executive committee, and adopted, endorse the continuance of a \$1 per car assessment for conducting the fight against the reduction of the tariff duty on hides, and the placing of hides on the free list.

The work in Washington, where headquarters have been established,

The new gallery embraces no fewer than three hundred canvasses, displayed in seven halls. This is in addition to the sixty pictures contained in the old Vatican gallery. The additional pictures were brought from the Lateran Palace and the private apartments of the Vatican.

The first hall contains a unique collection of Byzantine pictures; the second is given over to the Tuscan school; the third contains examples of the Umbrian school; in the fourth is the germ of the collection, Raphael's "Transfiguration," which hangs alone on the main wall; the fifth hall is given over to the Venetian school, headed by Titian; the sixth to examples of the sixteenth century, and the seventh to pictures by famous foreign artists.
